

Stay #Safeathome And Help To Cut Your Chances Of Becoming A Victim Of Burglary 03/08/2015

Everyone has a right to feel safe in their own home. But, if you've been a victim of burglary, it can cast a shadow over your life, leaving you and your family feeling scared and anxious.

We understand the huge impact a burglary can have and we are determined to do everything we can to crackdown on the criminals who commit them. However, there are things you can do to reduce your chance of becoming a victim.

More than 1 in 3 burglaries still happen when a house has been left insecure - usually from an unlocked or open window or door.

That's why today we're launching #safeathome. Over the next four weeks we'll be sending messages out with advice, tips, videos and news about what we're doing to tackle the problem. There's also a new dedicated section of our website so have a look at www.lancashire.police.uk/burglary

We want to do everything we can to tackle burglaries across Lancashire so please - be wise at home. Keep your doors and windows locked and watch out for more information.
